EXPERIENCE:

Associate Analyst

[06/2024 – Present]

Dentsu, Bengaluru, India

- Developed and maintained Python scripts for web scraping using BeautifulSoup, Selenium, and Scrapy
- Automated data collection to support analytics and reporting teams
- Parsed, cleaned, and structured scraped data into formats like CSV, Excel, and databases
- Designed scraping logic for dynamic and JavaScript-rendered content in collaboration with team members
- Ensured scraping compliance with website terms, including robots.txt and rate limiting

Data Analyst Intern

[05/2022 - 07/2022]

Tata Steel, Jamshedpur, India

- Built machine learning models to predict RH treatment time.
- Pre-processed and cleaned large datasets, ensuring data quality for analysis.
- Developed regression models using scikit-learn to identify key factors impacting treatment time.
- Collaborated with team members to define project goals and analyze results.
- Identified data challenges and proposed solutions for future improvements.

PROJECT:

TELECOM CHURN ESTIMATION USING MACHINE LEARNING

[01/2023 - 03/2023]

- Collected and pre-processed data on customer behavior and churn risk factors.
- Engineered features to improve model performance for churn prediction.
- Trained and evaluated various machine learning models using industry metrics.
- Optimized model performance to achieve a 10% reduction in churn rate.
- Delivered actionable insights to improve customer retention strategies.

DEPLOYING A 3-TIER ARCHITECTURE ON THE AWS CLOUD

[08/2022 - 11/2022]

- Modularized applications for independent management.
- Scalability with horizontal scaling and load balancing.
- Ensured high availability and fault tolerance.
- Strengthened security through access control.

SKILLS:

Technical Skills: Python, SQL, HTML, CSS, JavaScript, Machine learning, Basic AWS

IDE used: Jupyter Notebook, VS code, SQL Plus, Pycharm

Soft Skills: Curious, Problem-Solving, Methodical, Collaborative, Teamwork

EDUCATION:

Bachelor of Engineering in Computer Science & Engineering

[07/2019 - 05/2023]

Sathyabama Institute of Science & Technology, Chennai

ADDITIONAL:

- Languages known: English, Hindi
- Hobbies: Playing Cricket
